

LINEA SERIES

LINEA SERIES FEATURES

The Linear Family is designed to deliver precise illumination across every scale of space. From low-ceiling environments where controlled, comfortable brightness is essential, to mid-height interiors requiring balanced general lighting, and up to high-ceiling applications that demand powerful, uniform performance – each model is optimized to achieve perfect light distribution at its intended mounting height.

PERFORMANCE

90CRI, 27K, 3K, 35K, 4K, RGBW, Low, medium & high lumens up 1100/ft & custom up to 1800/ft. Various options of LED drivers, programmable and 0-10V dimming standard symmetric and asymmetric options

CUSTOMIZATION

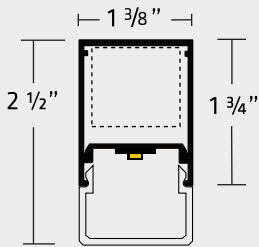

Versatile lens options, made-to-measure lengths, and creative configurations with angled connections, patterns, and zig-zag forms.

COMPLIANCE CERTIFICATIONS

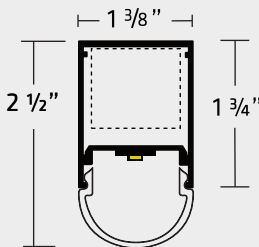

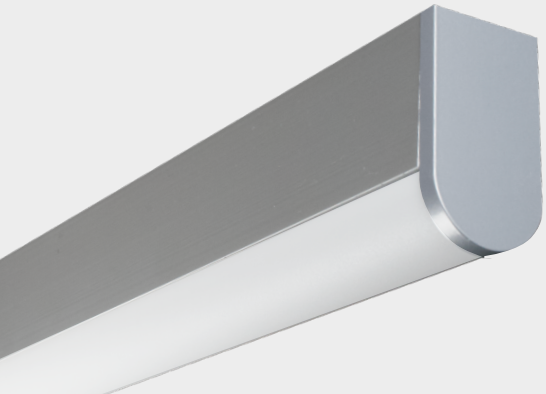

LINEA 1

Sleek. Compact. Refined.

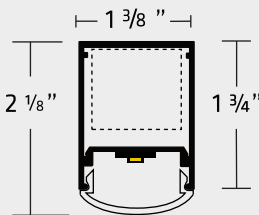

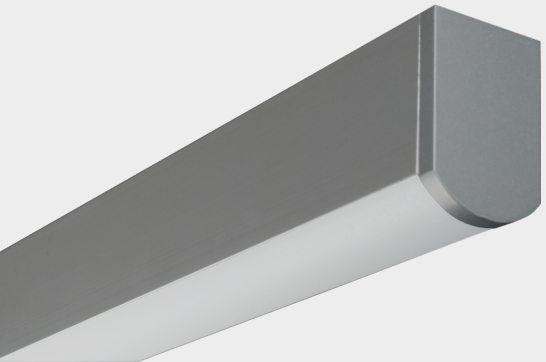

LN1-SL

LINEA 1 SQUARE LENS

LN1-RL

LINEA 1 ROUND LENS

LN1-FRL

LINEA 1 FLAT ROUNDED LENS
